

ERAZER

WATER SOLUBLE DEGREASER

EMULSIFIES, PENETRATES AND LIFTS GREASE & GRIME TO THE SURFACE FOR EASY WASH

- ❖ Cleansers that leave residue?
Erazer leaves no film just a clean bright surface.
- ❖ Metals corrode during cleaning process?
Erazer is specially inhibited to prevent corrosion of metal while cleaning.
- ❖ Flammable?
Erazer does not burn or support combustion.

- ❖ Expensive?
Erazer dilutes upto 1:15 with water for powerful & effective cleaning.
- ❖ Stubborn soils that are difficult to clean?
Erazer contains a special penetrating emulsifier that floats away the most stubborn soils.

Applications

ERAZER is tough for surface cleaning in high-traffic, dirt and grease prone areas like:

- Floors and walls
- Parking, loading, service bays
- Grout cleaning for tiled surfaces
- Printing presses
- Motors and motor parts
- Small parts
- Food serving lines, processing & wrapping machines.

Use ERAZER to clean machinery where a bio-degradable non-flammable cleaner is needed.

Areas of use

- Industrial plants
- Machine and automotive shops
- Food processing plants
- Councils
- Printers and newspapers
- Marine Industry
- Schools
- Painting contractors
- Stream cleaning
